Precautions for replacement from RCS2-SA7 / SS7 / SS8 / RA5, RCS3–SA8 / SS8 to same model batteryless absolute products

Please check the following precautions when replacing.

・When RCS2-SA7 / SS7 / SS8 / RA5, RCS3–SA8 / SS8's order is discontinued,

- RCS2-SA7 / SS7 / SS8 / RA5, RCS3–SA8 / SS8 will be replaced with same model batteryless absolute products.

(Discontinued Order)	(Replacement Models)
RCS2/RCS2CR - SA7/SS7/SS8	RCS2/RCS2CR - SA7/SS7/SS8
RCS2 - RA5/RGS5/RGD5	RCS2 - RA5/RGS5/RGD5
RCS3/RCS3P/RCS3CR/RCS3PCR	RCS3/RCS3P/RCS3CR/RCS3PCR
- SA8/SS8	- SA8/SS8
The above incremental encoder, and the absolute encoder products	The above batteryless absolute encoder products

  ※ There is no compatible product for batteryless absolute regarding RCS2/RCS2CR-SS7/SS8, so we plan to prepare it around this fall.

  ※ The external dimensions, install dimensions, and install bolt sizes are compatible.

  ※ SCON-C, SCON-CA controllers are not compatible with batteryless absolute models.

  ※ Some controllers may require an upgrade to support batteryless absolute..

Followings are the details of the precautions

💡Precaution (Detail)

1. **External dimensions・Install dimensions**

   The same model type batteryless absolute products and RCS2-SA7 / SS7 / SS8 / RA5, RCS3−SA8 / SS8 Incremental / Absolute products have compatibility in the external dimensions, install dimensions, and install bolt sizes.

2. **General specification**

   There is no difference in the general specification.

3. **Compatible controller**

   Con series controller

Controller	Main Application	Driver Board
SCON-CAL	after V0003	-
SCON-CB	from initial product	-
MSCON	-	after V0004

   ※ SCON-C, SCON-CA controller is, not compatible with batteryless absolute.

   SEL series controller

Controller	Main Application	Driver Board	Encoder・motor control constant
SSEL	after V0.59	after V0.26	after X2_TBL_ENC024 _MOT025
XSEL-P/Q(Noncompatible PX/QX)	after V1.52		
XSEL-R/S/RX/SX/RXD/SXD (Scara noncompatible)	after V1.23		
XSEL-RA/SA/RAX/SAX/RAXD/SAXD	from initial
